Clear and concise forms, enjoyed meeting the staff and seeing the nursery when there were no children in there, so could see all the available space and resources.

It might of been helpful to know rules about dropping off/picking up etc. For example, no buggies. This might of ensured drop off wasn't so hectic for you.

Liked the fact that it was parent choice as to whether to just leave them or stay to help settle them if a little upset. Would it be worth a stay and play first session for all new children, regardless of age.

Exceptional nursery with staff who listen to families and most importantly the child. Both my boys have been helped to settle and learn in a completely child centred way with staff speaking with childminders to get to know how best to settle my youngest. Both my boys have been excited to go and it is lovely to see them progress so quickly (via tapestry) and being so excited to learn.
