

08 Staff, volunteers and student procedures

08.1 Staff deployment

Members of staff are deployed to meet the care and learning needs of children and to ensure their safety and well-being at all times.

- Two members of staff are on the premises before children are admitted in the morning and the end of the day; one of which should be the Managers/deputy.
- Only those staff aged 17 or over are included in ratios. Staff working as apprentices (aged 16 or over) may be included in the ratios if the setting manager is satisfied that they are competent and responsible.
- At least one Paediatric First Aider must be on site at all times when children are present
- The setting managers deploy staff to give adequate supervision of indoor and outdoor areas, ensuring that children are within sight and hearing of staff at all times.
- All staff are deployed according to the needs of the setting and the children attending.
- Staff are responsible for ensuring that equipment in their area is used appropriately and that the area is tidy at the end of the session.
- Staff plan their focus on activities
- Staff inform colleagues if they have to leave the room for any reason.
- Staff focus their attention on the children at all times whilst having a wider awareness of what is happening around them.
- Staff allow time for colleagues to engage in 'sustained shared interaction' with children and do not interrupt activities led by colleagues.

Staff children

- Where members of staff have their own children with them at the setting, the age of the child must fall within the stipulated ages of the setting's Ofsted registration.
- Where members of staff are likely to be working directly with their own children, this is subject to discussion before commencement with the setting managers.
- Where it is agreed that a member of staff's child attends the setting, it is subject to the following:
 - the child is treated by the parent and all staff as any other child would be
 - the child will not be in the parent's key group of children

- the key person and parent will work towards helping the child to make a comfortable separation from the parent to allow the parent to fully undertake their role as a staff member of the setting
- the key person will take responsibility for the child's needs throughout the day, unless the child is sick or severely distressed
- the situation is reviewed as required, to ensure that the needs of the child are being met, and that the parent is able to fulfil his/her role as a member of staff
